

Enhancing Integrity Awareness Across the Value Chain and Among Suppliers

Kaori exerts ESG influence by requiring all key (Grade A) suppliers to sign a "Supplier Code of Conduct" that outlines the integrity principles as well as the environmental, labor, human rights, and occupational safety regulations that suppliers are bound to comply with during production activities. 100% of suppliers have signed the commitment to the clause to date.

Ethical Behavior Guidelines

- | | |
|--|---|
| 1. Offering and acceptance of bribes. | 5. Infringement on business secrets, trademarks, patents, copyrights, and other intellectual property rights. |
| 2. Offering of illegal political donations. | |
| 3. Inappropriate donation or sponsorship. | 6. Engagement in unfair competition. |
| 4. Offering or acceptance of inappropriate gifts, treatment or benefits. | 7. Direct or indirect damage to consumers' or stakeholders' interests, health or safety during research, development, procurement, manufacturing, offering, or sale of products and services. |

Reporting and Grievance Mechanism and Its Implementation Results

Kaori focuses on respecting human rights, protecting intellectual property, and preventing the improper transfer of benefits that could harm the interests of the company, customers, and suppliers. To ensure the implementation of business integrity, we have established an independently operated Audit Office. This department conducts regular or ad-hoc internal audits each year and provides convenient and accessible grievance channels for internal and external stakeholders to report issues and receive appropriate responses. These measures help reduce operational risks and foster a positive interaction model with stakeholders. In 2024, there were no violations of integrity principles by any managers or employees.

2.4 Business Philosophy and Legal Compliance

2.4.1 Management Philosophy

The Company's business philosophy is guided by four core principles: innovation, quality, responsibility, and honor. With the primary goal of pursuing profit and surplus, we are committed to ensuring the creation of new products, increasing added value and profitability, and continuously improving our team's professionalism and leadership skills to enhance operational performance.

Anti-bribery and anti-corruption

Kaori has established an "Employee Code of Conduct" to ensure the normal operation of the enterprise and maintain fair competition. The code regulates commercial purchase and sales behaviors and prohibits any form of improper gains, such as corruption, extortion, and embezzlement. Kaori strictly regulates all business activities and external interactions, including contact with government departments, negotiations with customer representatives, customer QC inspections, and impartial execution of product testing, inspections, and audits. In these activities, any improper practices, such as offering or accepting kickbacks, promotional fees, advertising expenses, service fees, expense reimbursements, or providing domestic or international travel under any guise, are prohibited. These rules are in place to prevent the direct or indirect exchange of cash, goods, or other benefits outside of the transaction.

Kaori complies with the RBA Code of Conduct and accepts relevant audits and self-evaluation activities from customers. In areas such as labor, health and safety, environment, ethics, and management systems, there have been no major non-compliance issues. Additionally, the Company continuously implements relevant training and awareness activities each year.

2.4.2 Compliance

Kaori complies with regulations by regularly collecting and compiling relevant business-related laws and regulations for identification. If there are any new or revised regulations, the responsible departments immediately review whether the current business practices and operations are in compliance. Additionally, they assist in communicating and promoting these regulations to all departments. To protect the legal rights and interests of the Company, the Company periodically holds legal courses and produce legal materials to enhance employees' legal knowledge.

The Company's compliance with corporate governance, environmental, economic, and social regulations, including relevant important legal sources, internal policies, or procedures, as well as any violations in the past two years (2023–2024), are detailed in the table below:

Kaori has several effective controls in place to ensure compliance. The Company checks new regulatory amendments on a monthly basis and conducts compliance audits on all plant sites on a yearly basis. In 2024, there was no record of violation of safety and health, environmental protection, fire safety, and other laws and regulations. Aside from the above, no major compensations or losses were reported in annual internal audits.
